Professional Experience

ATTRECTO ZRT. GYŐR

2022

FRONTEND DEVELOPER

› I was working at the company within the confines of an Internship and I finished the program with an **outstandingly good evaluation**. The main goal of the program was to acquire all the skills and technologies that a junior level developer needs.

› In the course of my work we developed a QA Management Tool for the company. I was a **member of a team with 8 developers**, where we were working together with the Backend and the Design team as well.

› We used to work with the **React** library with **TypeScript** and **JavaScript** languages complemented with other developer tools. In order to manage the teamwork we used **Atlassian** softwares and the **Git** version control system.

Education

SZÉCHENYI ISTVÁN UNIVERSITY - GYŐR

2020 -

COMPUTER SCIENCE ENGINEER BSc

› I am currently accomplishing my 5th semester at the Széchenyi István University. Here I have the chance to acquire the ways of the **analitycal thinking** and the engineer mentality.

› During my studies at the university I can get to know both a lot of technologies and methodologies in academic and practical ways.

› Besides my studies I am **always developing myself** with bootcamps and courses.

ATTRECTO ACADEMY

2022

IOS DEVELOPER BOOTCAMP & REACT FRONTEND BOOTCAMP

› In the IOS developer bootcamp I learned to work with the **Swift** language.

› In the course of the Frontend bootcamp I worked with the **React** library and other actual frontend programming technologies.

KÖLCSEY FERENC HIGHSCHOOL OF ZALAEGERSZEG

2015 - 2020

HIGH-SCHOOL GRADUATION – CLASS WITH ADVANCED GERMAN LESSONS AND A YEAR OF INTENSIVE LANGUAGE LEARNING

› I graduated at the Kölcsey Ferenc High School, where I took my intermediate language exams in German and English as well.

› Thanks to the **increased number of** advanced **language lessons** I have **fluent communication** skills in both **German** and **English**.

› In high school I visited **advanced math** and **computer science** elective courses.

Languages

GERMAN INTERMEDIATE LANGUAGE EXAM (B2)

ENGLISH INTERMEDIATE LANGUAGE EXAM (B2)

Professional Skills

› **Programming:** C++, C#, Python, Swift, OOP

› **Web UI:** HTML, CSS, React, Redux, Javascript, TypeScript, jQuery, BootStrap, MaterialUI, Node Package Manager
